

BOARD OF COUNTY COMMISSIONERS

AGENDA ITEM SUMMARY

Meeting Date: 14 July 2004

Division: Growth Management

Bulk Item: Yes X No

Department: Marine Resources

AGENDA ITEM WORDING:

Approval to solicit bids for the installation of 135 Idle Speed / No Wake buoys at designated areas along the shoreline in the Islamorada the Village of Islands at the request of the Village.

ITEM BACKGROUND:

Extending over several months the Village Nearshore Waters Committee developed a recommendation for the placement of Idle Speed / No Wake buoys along the shoreline within the Village jurisdiction. The idle speed zone was created by Village ordinance, and the buoys are allowed under Florida Keys National Marine Sanctuary regulations. The work of the Nearshore Waters Committee in making its recommendation was top notch and quite comprehensive. Village representatives came before the County Marine and Port Advisory Committee (MPAC) with their request for funding of 135 buoys. The MPAC approved the request with the provision that the project could be completed in one year, but should cover the equivalent of two years worth of Boating Improvement Fund appropriations for the Village. The MPAC sends forward its recommendation for approval on this project. All necessary permits for the project are in place.
